

# FINALLY, A MODERN SOLUTION FOR CANADIAN LAW FIRMS!

## Cloud Law Practice Management. No QuickBooks™ Required!

- Cloud Productivity
- Modern Practice Management
- Compliant Trust Accounting
- General Ledger Accounting
- Client Communication Portal
- FREE External Bookkeeper Login

Only CosmoLex brings cloud productivity gains to Canadian lawyers through an integrated system that provides compliance and the highest level of data security. You'll get a truly state-of-the-art law practice management system -- one that is compliant with Canadian accounting and law society guidelines.

The CosmoLex cloud practice management system is used by thousands of law firms throughout North America.

### A Total Solution

CosmoLex's all-inclusive practice management system eliminates the need for any other accounting software, such as QuickBooks™.

### Cloud Productivity

24/7 Mobile Access. Work anytime, anywhere, on any device.

### Secure Data Center

Even when you are not using your account ("stored data"), all of your data is kept encrypted ("encryption at rest").

### Bank-Grade Encryption

All traffic between your computer and the CosmoLex Cloud is protected by 256-bit SSL encryption, the same level used by major online banks.

### Trust Accounting

Your trust accounts will always be current, compliant, and audit-ready -- thanks to built-in, automated trust accounting software.

### Legal Accounting

From accrual accounting to input tax credits, CosmoLex keeps your practice compliant with Canadian accounting requirements.

### Credit Card Payments

Invoice payments or trust retainers get proper handling end-to-end with built-in credit card processing (powered by LawPay).

### Client Communication

CosmoLex's built-in Client Portal streamlines and secures all of your client communications & document exchanges.

### Integrations

CosmoLex connects with the tools you know and love - Office 365, Box, Dropbox, OneDrive, LawPay & more.
